

Miss Wende's April Newsletter

This month we will be learning about letters S, T, and U. We will also be focusing on the season of Spring.

Our first week we will be making flowers and rain drops to welcome in the Spring season. In addition to our Spring crafts we will also be making creative colorful, imaginary bugs. We will be observing the changes from Winter to Spring while going on walks around the school.

In our second week we will focus on the letter S. Some of our projects include coloring a star for our book page, making a classroom snake, and painting sunflowers. We will also have some fun in the sun with sidewalk chalk drawing our shadows in the sun.

During the third week we will be talking about environmental awareness. To tie in the letter T we will be making feet and toes for our book page. We will be taking a walk to collect trash for our healthy pond

mural. In addition to celebrating our earth we will talk about terrestrial/land animals and identifying animal tracks.

For the last week we will talk about the letter "U" noting prepositions with the U words under and up. One of the projects we will doing will mimic Michelangelo's famous ceiling painting. We will tape paper **under** the table and lay down on mats and draw. We will also construct block bridges to drive our toy cars and trucks **under**. When focusing on the preposition **up** will will discuss animals that live **up** high in the rainforest in the tree canopy level of the rainforest.
