

Miss Wende's October Newsletter

We are all happy to celebrate the coming of Fall. The children are looking forward to a few more weeks of great playground weather. We will take time to observe the pretty fall colors in the neighborhood and collect interesting things like acorns and pinecones etc for our science table.

We will be beginning the first week of October introducing the letter B. Some of the activities for B week include making a beanstalk by printing with green beans to go with Jack and the Beanstalk. We will be talking about bears and hibernation.

The second week of October we will be introducing the letter C. The children will be creating desert cactus plants. We will be melting crayons to make a multicolored project.

The third week we will be focusing on the letter D. We are looking forward to a walk to the local donut shop. The children will draw pictures about their fieldtrip. We will also construct a door project that opens to reveal a dragon picture.

Our final week in October is E week. We will be talking about exercise and learning a little Yoga and some new exercises during E week.. We will also be painting pictures of elephants.

Reminder: No School October 10th, Field trip to Explore and More October 17th, Open House October 18
