

October

Miss Wende's October Newsletter

This month we will be focusing on the letters B, C, D, and E. During each week we will learn about some of the animals that live on the farm for our trip to Becker Farms.

For the letter B, we will be talking about all kinds of bears. Some of our projects include torn tissue paper bears and painting with the color blue. Along with learning letters that begin with B like balls, bees, and bread our activities consist of blowing bubbles, a block building bonanza day, and a hidden button treasure hunt. We will also use beanbags and balls during our gross motor play.

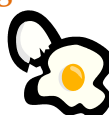

Letter C theme of the week will be Colors of Fall. We will be talking about cats, cookies, corn, and collecting c objects to discuss throughout the week. Some of our projects will be painting with fall colors, practicing cutting, and coloring chickens and cows.

During the third week of October we will be talking about the letter D. Some of our activities will be dancing, and playing dress-up. We will talk about desert animals and dinosaurs, and do projects

like gluing feathers on ducks and dotting dogs with bingo dabbers.

The last week we will focus on the letter E. One of our activities will include a neighborhood walk to talk about the environment around our school. In addition to E week, we will exercise our minds and our bodies!

~Book List~
